

DESIGNER'S CHOICE FOR RADISSON BLU

Paul Luck ←

ARCHITECT AND DESIGNER, arkiteckto | LIGHTSPACE

"I needed a proactive tile company with the required certification and a proven track record to help me attain a high-quality finish on a tight budget."

PROJECT CONSULTANT, KENZAN TILES, CAPE TOWN

"The architect wanted to create something special for a bathroom that had no windows. The polished porcelain wall tiles created the perception of space."

Denton Blomquist ←

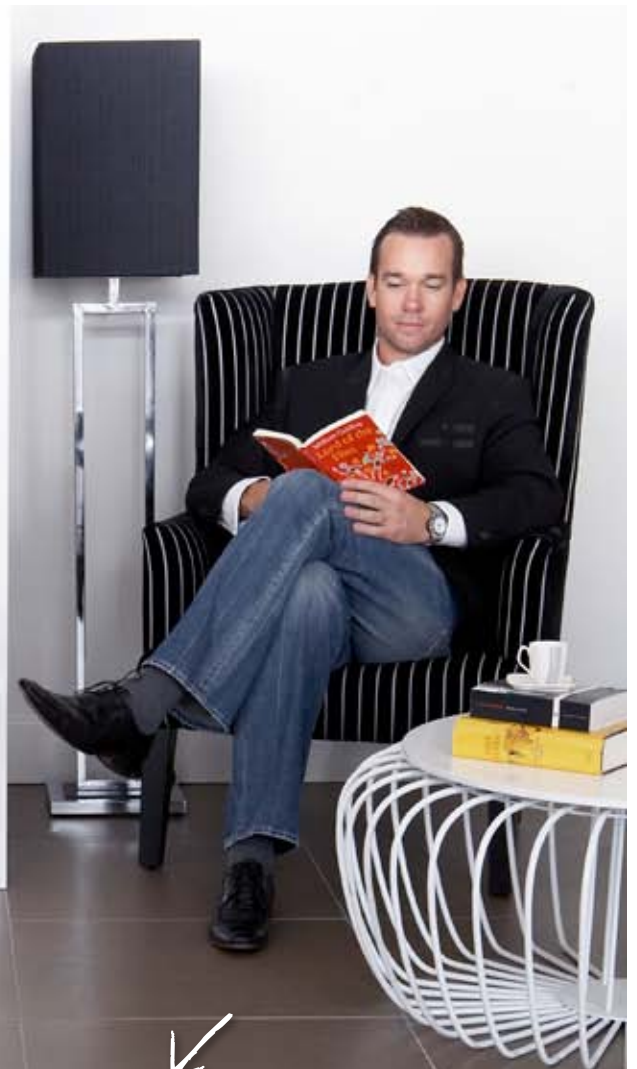

Derek Patrick

CEO, THE DESIGN COMPANY

"I sketch all the time. Sketching helps me to visualise the result. @homelivingspaces needed a comfortable balance between versatility, functionality and appeal - where their floors could compliment and show off (rather than compete with) their large variety of furniture and furnishings."

Andrew Hume

MD, KENZAN TILES

"Kenzan has a longstanding relationship with both @home, and TDC. We supply @home with a range of high quality porcelain tiles to ensure that they maintain their high quality look and feel. Relaxing only happens once an important contract has come together, and the end product works.."
