CEO, THE DESIGN COMPANY

"I sketch all the time. Sketching helps me to visualise the result. @homelivingspace needed a comfortable balance between versatility, functionality and appeal – where their floors could complement and show off (rather than compete with) their large variety of furniture and furnishings."

MD, KENZAN TILES

"Kenzan has a longstanding relationship with both @home, and TDC. We supply @home with a range of high quality porcelain tiles to ensure that they maintain their high quality look and feel. Relaxing only happens once an important contract has come together, and the end product works."
