

DESIGNERS' CHOICE OF MOSAIC

Anthony Douglas-Jones

MANAGING DIRECTOR, THE DOUGLAS JONES COLLECTION

"We are able to create personalised or mosaic originals, using pixelated computer technology. Supply an image, choose a mosaic range and we can work out a mosaic plan to your wall's dimensions. The Douglas Jones Collection of mosaic tiles is available from tile merchants nationally, who will facilitate this process."

Nathalie Glenn

PROJECT CONSULTANT, KENZAN TILES, CAPE TOWN

"Café Mozart is a popular restaurant which appreciates timeless art. The new mosaic creates something with a permanent artful quality. The variety of options and mosaic colours might be daunting at first, so start with the end result in mind, and we'll help you make an extraordinary space."
